“ Alberta was a second mother to me during my teen years. That isn't a time to take on that task but she did. I loved her very much. Carol and I were unseparable. I was at her house or she was at mine. We each had two sets of parents with her's and mine on the case. She will be deeply missed but it is easier to see someone go when you know where they are headed and she is once again reunited with her husband and daughter, Darla. Deepest sympathy Carol! We love you!

“ We never met her, but she loved our son, Jamie's husband, Tim. And we bonded over Godiva chocolates and good gospel music. What could be better?! RIP, Grandma.

“ *The first time I met this precious woman, I immediately wished I were her daughter. She was such a sweet soul and will be missed very much. You don't meet someone like her but once in a lifetime and I feel blessed that I did.*

*God bless and comfort her family during this time. I'm praying for all of you. She will be with you always.*
