I'll always remember Rose . She defiantly had a tremendous effect on my nursing career . I was surprised when nothing was mention about it , for this was a huge part of her life . She was the late Dr Purdons nurse when I met her . Then became the DON at Calhoun county Hospital where she tried to recruite me . Shortly after becoming employed at the old South Panola Hospital she became the Co - Director of Nursing there. Where I was fortunate to be able to work with her for many years to come . She taught me many things in Nursing , and was a walking Medical Dictionary . If she didn't know she would find the answers . It was a privledge to be a part of her career , and have frequently thought about her professionalism . I was truely saddened by her departure and will always remember what she taught me and what a wonderful lady she was . May she Rest In Peace 🌸🙏
