Wow. It's going to be eight years already only four months from now. We were like brothers from different mothers. RIP, my old friend. 🙏🕯️

“ *Mr. and Mrs. Long,
I am so saddened and stunned to hear the news about Anson. My thoughts and prayers are with you guys. All the times I spent with Anson at your house and on the lake your family made me feel at home. I can still remember Mr. Long teaching me how to water ski. I don't live in town anymore, please know my thoughts are with you all.*

*Love,

*Anson J. And Laverne Long,
I didn't hear about what happened to Anson until almost a year after it happened, and only thanks to our Harding school mate Alan Rader when he informed me about it on Facebook messenger in August of 2017. I was completely shocked and stunned, and of course deeply saddened, especially after hearing the horrible circumstances of how it all happened. Growing up together, we were like two brothers from different mothers. And the two of you were, at times, almost like a second set of parents or extended family to me. The endless fond memories extending over a period of so many years starting in the middle 1970s all the way through the early nineties. I can't fathom the depths and intensity of grief and loss that parents in these circumstances must be feeling. My deepest condolences to the both of you. I don't know what much else to say. Even two years later, it's just so unbelievable. I was only able to find this website page today after months of searching the internet. I don't even know if either of you will ever get to read this. May God be with the two of you and everyone else in your family who have have been affected by all of this. And I sincerely hope you can all find some kind of closure and peace of mind in the remainder of all of your days. Call me sometime if you feel like it at (901) 581-6090.*

*Love,
Matthew Ishee*
