“ *From the moment Bettie walked in to our work family she endeared herself to everyone who worked with her. She was such a good, uplifting person who just made you feel good no matter what kind of day you were having. Not enough words to really express how loved she was and how very much her presence will be missed in our group. My sincere condolences to her family. God be with you all and comfort you 🙏.*

“ *Bettie Lynn was a special niece to me. While I have been sick the past she came over and cleaned the house for Harold & I. When Harold died in October she put her phone number at every. Phone in the house. Then said call me if you need anything. And to make sure she called every Thursday to see if I needed anything. Sweet Rolls we're my weakness and here she would come with them in her hands. I loved her very much and will miss her.*
