“ Probably one of the most funniest things I remember is my brother came home from work and my mother and Bobby were gone and he had no clue where they went because neither one of them could drive my mother never had a license and Bobby was in a wheelchair and he called them Thelma and Louise they would just call the bus and take off and he just used to run him nuts but every minute I ever spent with Bobby was a cherish moment she was one of the sweetest ladies you would ever want to know she made my brother so happy she was his best friend and she will be missed

Bobbi you will be missed by everyone whose life you touched. Even with the pain you suffered for decades you were a joy to be with. I regret we couldn't see each other more but I really looked forward to your FB postings. They were who you were. You are no longer in pain and will brighten the lives of those who have gone before you. Try and stay out of trouble with Aunt Helen. Love and will miss you.
