“ Donny lived in Hope Ar, with his wife and beside my mother, after his wife passed Donny was heart broke and my mother looked after him , fixed plates for him everyday. After he left they stayed in touch and she has called him every week , for the passed year she has been calling but no answer so she figured he lost his phone and her number, we didn't know until Google searching his name and found out he passed, She said it feels like one of her kids has passed and she didn't even know. She as well as all our family is sorry for your loss. My mom loved Donny like a son.
