“ One week ago today you earned your wings and left this world. Your wings were ready but my heart was not. How true it is that we don't know how much we love someone or how much we'll miss someone until they are gone. I know it's not goodbye forever...it's just goodbye for now. You better be there waiting for me when my time comes! I love you and I miss you more than words can say 💔😭

“ How can this be? I convinced myself you would get stronger and come home with me to recover. I'm still in such disbelief. This just can't be. You were such a bright light in such a dark and lonely world. My music man, my singing buddy, my personal chef, my love. You are so loved and will be so greatly missed. I will treasure the memories and hold them close. You will live on in my heart until we meet again. Fly high and Free, Baby. See you on the other side. I Love YOU 💔💔😭
