“ 8/16/25. 1-4-3 forever and always❤️. I spent your birthday here looking at photos and remembering our Love journey. Ups & downs but forever and always together in heart & soul. We loved each other to the end. I miss you everyday & night. I'm doing good. I have QoP & friends. The occasional visit by grands! & ohhhhh you would be head over heels with John Allen!,  
Mathew spent the night here. We hadshishkabobs for dinner. We watched tv movies, reflected on times gone by. He found some things he wanted that were yours. Mercy me, he wanted your old billfold and I gave it to him🇺🇸. So, anyway Mathew will be deployed to Jordan, Nov 1st. He's in the same unit as the original unit from the series: BAND OF BROTHERS! WOW! We had a great Thursday breakfast together. Mathew joined his dad for lunch then off to play golf with his cousin Tyler. He stopped back by here to gather up his things then onto spend the night with Jimmy & JAK ❤️

It's been a horrible week since the 30th! This tooth that came out while I was eating cheesecake became infected! I was on antibiotic but got off as soon as I started feeling better. I sure,y do not want a diff ever again! Anyway, since I take Prolia for osteoporosis I can't get ANY dental work done until July, no sooner! Dr had rather it be six months but I don't think I can go this long. Ugh! I know you would have to,d me to go to dentist after it happened! I have to see oral surgeon. Dr. Cannon has retired so I'm looking for anyone in my network. Well, it's been a very lonely Spring without you😞. If only things could have been different with your health! Another cousin has passed away, Kaye. Butch, Robin, Roberta & I were talking about going to see her. Becky has hurt her ankle & can't go plus she isn't able to go anyway. I so miss you every waking day. 1-4-3 Always & Forever! ❤️&XO LOVE,

“ I was sorry to hear of Jim's passing. I also was part of the BNSF Police team. I worked several details with Jim over the years. He never was loss for words or stories. He could make you fun laugh over some of his stories. My prayers and condolences go out to Jim's family.

“ I am so sorry to hear of Jims passing. I worked with Jim on the BNSF Police team. I was stationed in St.Louis and Jim was in Chicago and in Memphis. We worked many details together and he was never a loss for words. I have wonderful memories of Jim during my time with the BN and BNSF. Even though we were in different stations we talked on the phone quite often.

*I am really going to miss him.*

*Jim was one of my mentors when I was a Police Cadet in Blue Island in 1976. We also shared our love for firearms and shooting along with another good friend, Gary Rauch. The three of us would often meet in Jim's basement to create ammunition for our shooting needs and travel on many trips to Wisconsin to participate in the Northern Illinois Shooter's Association. I haven't seen Jim since the early 80's but he will be missed. My condolences go out to Sally. 🙏🙏🙏*

“ *I was so blessed to have been able to work with Jim on the BNSF Police team several years prior to his retirement. He was so much fun to work with and always had a great story. We were guaranteed to end up at IHOP at some point on the night shift. He was a great partner and good guy to work with. My prayers are with all of you.*
