Tribute Wall

“ Jason,
I just wanted to let you know how much you will be missed. I know we had our differences but at the end of the day, as you used to say, "we are each others biggest cheerleader!". I just hope now you can have some peace within yourself. You gave Austin and I the two best gifts we could have ever asked for. Along with their mom, rest assured they will grow into wonderful young men. I love you Jason and will always remember the good times. My heart was broken when we got the news. Rest easy and know Austin and I love you and will help take care of Jacob and Zachary...

“ Man...from 7th grade through 9th grade Jason and I spent a lot of time together. I guess our best moments were just being teenagers shooting basketball in his driveway or my backyard. All the while, we were oblivious to the paths that life would provide for each of us. I do know that he is finally at peace and can rest!
