“ When he was dating my sister, that’s when I had the privilege to meet the guy. Kinda man who’d do anything for you if he could, pull in favors to do you a favor, help with anything practically without a second thought. He helped me look at and buy the first car I ever bought for myself, which is the car I still drive today. That was almost 7 years ago. I needed his help because I didn’t know how to drive a manual. That same day getting the car home, he taught me how to change the oil and replace the air filter and coolant hoses, even helping pay for the items. For 4-5 days, he and I would ride out to a warehouse and he worked with me to teach me how to drive a manual. After I got decent with driving it, we spent a few hours some weeks later, at that same warehouse, drag racing(he got himself a mustang too) and munching on little Caesar’s pizza, having a blast. He was a good man, and I will cherish the memories I have with him.

“ I have so many memories with Jimmy. We were on the way to Gatlinburg one weekend and I was shoved in the back with my two sisters while he drove and Pam was in the passenger seat. I fell asleep and when I woke up he told me “You were farting the whole time in your sleep.” Meanwhile when we got to the cabin it was him the ENTIRE time and he just blamed it on me. Jimmy took me dress shopping, picked me up from school, has help me when I have had car trouble, took me out to eat (especially when i’ve wanted rolls), we have gone to six flags together (i tried to spit a loogie on him while we were on a ride and it smacked me back in the face and he peed from laughing so hard). Jimmy truly was a brother to me and gave me two beauty kids I get to love on/spoil the rest of my life. I’ll forever cherish the love you showed to my beautiful sister.-“Little one NK”

“ Jimmy, Pam, and layklynn came all the way out to South Carolina to visit me and Pam was currently pregnant with little jimmy. That day they got there layklynn played frozen over 5,000 times and her and jimmy laid on the couch with all the stuff animals and quoted frozen word for word. That day also jimmy cooked steak on the grill and I still can't figure out how he made it so well!! While cooking we were out in the back yard and jimmy and my husband decided that they were going to get a workout jimmy called it and started cutting wood and splitting it with a ax. Jimmy was such a loveable guy and I considered him a brother in law from the beginning!! Even being out in Okinawa and with time change I'd still answer his phone calls at 3am because we were always there for each other! I love jimmy and I will be praying for everyone to heal with time! Love you guys!
