“ So sorry to hear our sweet Joy has passed, we've been so worried about her as we hadn't heard from her since Jan. 2021. We kept pretty regular contact with each other through private message on FaceBook but when she no longer responded it was worrying as that was not like her. She had told us she had dementia but she still kept in contact.

She was a special cousin with a crazy sense of humour and always kept us laughing. She loved to call herself the Bayou Babe when she was with us in Canada, especially if there were lots of people around. We will miss her but know she is in a better place. Rest In Peace Dear Cousin

“ It was a huge shock this week to hear that our double cousin, Joy had died. In the last communication we had from her, she had just been to the doctor and she said the doctor had told her she had Dementia. We tried in vain to contact her again and again and again but got no response. Doreen and I would have loved to have been able to have one more wacky conversation with her. She always made us laugh. She had a big smile and a joyful countenance. I loved sitting beside her in church. She had a beautiful singing voice and made friends wherever she went.

*Blessings to Kevin and Kimberly who shared the past few years with Joy.*

*Peace to all. Rest in Peace, dear Joy.*

“ I am very sorry to hear that Joy has passed away. It has been any years since we have connected but I have many lovely memories. I especially remember her smile and positive attitude. My daughter Sonja Marie spent some happy times with her. Sonja died in 2017 at the age of 35. Thank-you to all her family that she shared her last years with.

*Sincerely,*

*Joan Ellis [cousin]*
