“ I first met Kevin and Ann Porter at Walmart. We became friends. Ktcwas several years later after their seperstion that he and I became better friends. He was living in Finlabd and he and I began to communicate about our shared interest in writing. He was an inspiration to me. He encouraged me. We began to plan projects together. With him doing most of the work we launched a YouTube site to promote written work of writers including ourselves. Oh we had big plans both individually and together. I encourage you to visit [wordwhisperers48](#)
