“ It is hard sitting here writing this girl you know how much you meant to me you have been my best friend for thirty years and have always been there for me when I needed you the most. I know when I was having a hard or rough time I would video chat you and you would cheer me up. I found myself wanting to video chat you other day about something but remember I couldn't because you where gone so I sat here in tears missing you. Bonnie said she misses you as well and she really enjoyed getting to know you in the short time that she did. We both love and miss you girl but we know you are watching over us. And tell your mom dad and brothers I said hi and I love and miss y'all so much. Also please give me baby girl sandy and my baby boy peanut lots of hugs and kisses from me and tell them I love them and miss them more and more everyday. O yeah and all of the other people that we know and another loved ones as well.

“ *My beautiful sister. Words will never grasp the amount of pain and sorrow I will have to not be able to have to here with me. I am forever broken. My darling angel, you were the light in every dark room or cloudy day. The joy of every conversation in your presence and the model of happiness. I hope to only have half of your positivity and optimism you carried so proudly everyday. My eyes stay full of tears and my heart aches everyday be a use I can't hold your hand one more time or hug you so tight. Know that I will love you forever and mourning you will never be easy. May you rest easy, Kiddo. I count on you RUNNING to hug Mom, Josh, Ryan and Dad. Please tell them I miss them too. Watch over me and ask God to help me deal with losing you all.*

I love you!!!

Always your Sis
