“ Michele -

To know you, was to love you. You were a ray of sunshine and a beacon of hope for everyone that knew you. I am so honored to have been given the opportunity to work with you on many occasions at Walgreens. One of my fondest memories was during the LeBonheur Children's Hospital fundraiser. Together, we were a force to be reckoned with, as each of us were determined that our store would win. There is no doubt that you have left some very big shoes to fill. May we all strive to be more like you and a blessing to all we meet. You blessed so many people with your bubbly personality, sweet smile and infectious zest for life. May all that knew you, cherish their memories and special moments in time with you, as they are just as precious today as they were yesterday. Thank you for your friendship, your guiding light and dedication to everyone that knew you. I will forever cherish it, just as I will you. May God bring comfort and peace to your family, that only He can give at this time. Fly high my friend, free of pain and suffering. Heaven gained a precious Angel. Watch over us and protect us. May your family always know how loved and cherished you were.

I never met Chele personally but knew of her fight with cancer the past few months because of her niece, Cierra. She has been in my prayers along with her family and friends during her devastating illness. I send my deepest condolences and will continue praying for her family and friends to find comfort and peace during this difficult time of loss and the days to follow.
