EL

“Peggy was a special person to me. She totally felt like a family member. I am so happy that I got to spend time with her when I was in Memphis in January. I didn't see her very often. But the minute that we were all together, we just "picked up" where we had left off the last time we were together. I'm sorry that I am so far away. I would love to be there with all the family at this difficult time.
