This candle is in Honor of my Friend Scott Michael , I met Scott at the Tent about 12 yrs ago. Because my Son was also in the Navy we started talking. I was so impressed with this Wonderful young Man , then come to know just what an Amazing Father he was. His face lit up when talking about his Princess Becca. Then a few years later I met , what was to become his Lovely , Sweet Wife, Anna. My heart is Broken and I wish I could be there to Honor this Wonderful Man , Husband , Father , Son , Brother , and I'll be eternally grateful to have met him and become his Friend. I Love you Scott Michael and you will be missed Dearly <3

We are so very sorry about Scott's unexpected passing. He was so kind and good-hearted to all those that knew him through his wonderful singing. With that, he brought so many people so much joy. We offer our sincere condolences to Scott's Wife, Mother, Daughter, and all of his dear Family. May God comfort you and give you His Peace. Something that comforts me somewhat, is to think that "Scott is not gone...is has just gone ahead."

“ *Rebecca, Anna, and to all Scott's family we are deeply sorry for the loss of this wonderful man. My husband and I first met Scott while visiting Memphis for the first time in 2012, I never forget how welcome he made us feel while doing karaoke at Marlows. He and my husband Rob sang a song together on the little stage and Scott had no problem sharing the mic that night. We had a wonderful time while there and the funny part about it is for only meeting Scott one time, we felt like we knew him for a life time. So to all of you he will always be in your heart, we to will always have fond memories of him. So I end with saying i'm very sorry with out a doubt he loved you all more than life, he loved his friends and he loved his country! God Bless, Robert & Diana Fierro (Pennsylvania)*

We all know that Scott was a big guy in statue but that the void that will be felt in the lives of those who loved and knew him will be even larger. Like a rose that begins as a small delicate bud and grows stronger and blooms large in the place that it is planted and draws the attention to itself in it's radiance, we know that too soon it's petals will begin to wilt and fall to the ground from which it once sprouted from. Tho we can no longer see the unique flower that it was with our eyes, we will forever be able to remember the fragrance that it brought to us and there will be moments thru out our life that we will be able to sense and smell that same perfume as if that rose has returned - each time we smell it we will remember the pleasure that it once brought us and that memory will never leave us. There will be little things, smells, songs, sights, words, or thoughts that will come as visits and a smile or tear will form but they will be filled with precious memories. Let those memory hugs bring you the comfort you need and also reach out to each other to laugh and cry and share those memories that are all your own.
