“ I just learned about Susan's death. She had first been a student of mine at The University of Michigan and then a colleague there. To her family, know that your mother was a wonderful nurse, nurse researcher, teacher and friend. May you be comforted by all your life memories. Peace and grace, Linda Strodman PhD, RN

“ I am so sorry to hear about your Mother. She was a role-model, friend and hero to me. Like so many others nurses, she gave me a career I would never have imagined or ascertained without her leadership and caring.

Marti Funnell, MS, RN, FAAN (I include the FAAN because she gave me the confidence to reach that goal!)
