“ *Today I lost a good friend when I learned of Bill's passing.*

Bill worked for 32+ years on my father's farm. He was a loyal and dedicated employee. Bill was highly respected by his peers and within the community for his skills in operating farm equipment and working with dairy cattle.

Working side by side with Bill over many years, he taught me numerous skills that you do not learn reading in a book or sitting in a classroom. On numerous occasions he shared a funny story or humorous comment which lifted our spirits and made the jobs seem a bit easier. The wisdom and knowledge that I learned from him have served me well over my career.

Each year I looked forward to calling Bill at Christmas to wish him and Mary a Merry Christmas and learn what activities he was pursuing in retirement. This past year I left a message on his phone. I felt sad that I was unable to speak with him.

Bill, you will always be remembered as part of the local community. Rest in peace my good friend and I will miss you.

“ Grandpa..... There's no words to describe how the loss of you makes me feel. You taught me so much in life and how to be the man I am today. You were my home away from home. I'm PROUD to be your grandson and carry on your name and your legacy, to have my kids and their kids carry on your legacy. You showed me so much on those long summer days in the tractors or just strolling the field's. You did so much for my family and I. I could never be grateful enough. You loved, missed, but will Never be forgotten. " I know your in heaven smiling down" We love you grandpa. Love Aaron Allison Zachary and the one on the way. R.I.P gramps 🌹 🕊️ 🙏
